

HEAVY VOTE POLLED AT PRIMARIES

Good-Natured Rivalry on the Part of Republican Workers--Count at Early Hour This Morning Shows Pohl Delegation in Lead.

The Republican primaries yesterday brought out Republicans to the number of 528. Good natured rivalry on the part of workers of the various candidates was the order of the day and there will be no sore heads among those who failed to get first place. The vote is a forerunner of the success of the Republican party in the coming campaign. The tactics adopted at the late Democratic primaries were not in vogue at yesterday's primaries. Every man who voted yesterday had the right of suffrage and was a Republican. At the hour of going to press the Pohl delegates had a good working majority.

BOOTH & CO. FAIL FOR FIVE MILLIONS

CHICAGO, Sept. 12.—The fish and oyster firm of A. Booth & Co. was placed in the hands of a receiver by Judge Bethea in the federal district court today. The Linen Thread company of New York and Alfred Booth of Baltimore were the complainants named in the petition and on their plea W. J. Chalmers, president of the Commercial National Safe Deposit company, was appointed receiver. His bonds were fixed at \$50,000 and he was placed in charge of the firm's affairs at once.

The petition asserts that the liabilities of the company are \$5,500,000, and places the assets at \$8,000,000. The troubles of the company are alleged to be due in large measure to an inadequacy of cash coupled with the financial depression of last fall.

(By Associated Press.)

Yesterday's record was seventy minutes and twenty-six seconds. In his flight Wright went higher than any aeroplanist has ever gone, rising to an altitude of 250 feet. A higher speed was maintained than in any of his other flights at Fort Myer, traveling around the drill grounds at a rate of 38.75 miles an hour on the first flight, when Major Squires accompanied him. NERVE OF GREEK IS FAST FAILING

BISHOP, Cal., Sept. 12.—A fearful skein of circumstantial evidence, indicating that he murdered his wife in cold blood on the night of August 2, while riding with her along a lonely trail in the high Sierras, has wound itself about Peter Snyder, the Greek contractor for the Nevada-California Power company, and dragged him to the county jail at Independence. There he is now awaiting the day of his trial by jury, to finally establish either his guilt or innocence.

The heroic efforts made by his attorneys to free him of the suspicion, and secure his freedom without this trial, at which they labored for nearly a month, proved unavailing against the evidence, all circumstantial, but consequently all the more dangerous, which was brought out against the man by the prosecution. Last Saturday the long preliminary hearing ended, and Justice Uhlmeier held the defendant over, placing him under bonds of \$20,000, which Snyder was unable to secure, and for the want of which he was taken in charge by Sheriff George Naylor and escorted to Independence. The date for the trial has not been set.

The result of this hearing had its immediate effect upon the prisoner. His powerful frame drooped forward, his tense nerves broke with a snap, and he turned in an instant from the strong specimen of physical manhood into a veritable wreck. His condition, in fact, was such as to cause great apprehension among his friends, and his attorneys, who fear the effect of a long incarceration in the dingy jail at Independence. His health is none too good, and the strain of the confinement is certain to be even worse upon him than the long nervous tension of the hearing at Bishop.

BRYAN DOES MUCH TALKING

(By Associated Press.)
CUMBERLAND, Md., Sept. 12.—Farmers and laborers from the three states, Pennsylvania, West Virginia and Maryland, were addressed here by William J. Bryan today and tonight. In both instances the candidate reiterated his views concerning Taft and the Republican platform. Tariff, trusts, publicity of campaign contributions, guaranty of bank deposits, and labor questions were discussed at length. The largest gathering was tonight when the Democratic candidate in talking to laboring men pointed out what the Denver convention had done for them in promising remedial legislation affecting the laboring man's status. His remarks were roundly cheered. Bryan with a party left tonight for Deer Park, where he will be the guest of National Committeeman McGraw until Sunday night.

(By Associated Press.)
LONDON, Sept. 12.—Most Rev. BURNS TO MEET JACK JOHNSON

NO DECISION IN THE RICKEY CASE UNTIL OCTOBER

Mayor Schmitz Case in San Francisco Was the Authority Cited by Attorneys for the State.

(By Associated Press.)
CARSON, Sept. 12.—The hearing in the T. B. Rickey habeas corpus proceedings, has occupied the attention of the supreme court for the past two days. The case was taken under advisement by the court and a decision will be rendered on Oct. 5. The state was represented by Attorney General Stoddard, District Attorney McCarran of Nye county and District Attorney Roberts of Ormsby. The state's contention was that the writ should be dismissed, owing to the fact that the defendant voluntarily placed himself in custody of the officers, presumably giving himself up for the express purpose of taking advantage of a writ of habeas corpus.

The attorneys for the state presented the return of Sheriff Owen of Nye county in the matter, setting out that the defendant, T. B. Rickey had surrendered himself to the custody of him on the 7th day of this month at Tonopah. Also a supplemental affidavit made by District Attorney McCarran setting out that the defendant, T. B. Rickey, had voluntarily surrendered to the officers of Nye county, that his bondsmen never withdrew and further were still unexonerated, also that such surrender was apparently for the purpose of taking advantage of the writ of habeas corpus, etc. Judge Peck, representing the defendant, objected to the McCarran affidavit, stating that it formed no part of the return, and could only be considered as evidence and he insisted it should be stricken from the records.

After considerable discussion and during which time the attorneys on either side took occasion to indulge in some personal remarks the attorneys for the state finally agreed to withdraw the McCarran affidavit and to amend so as to cure the resultant defect. The main authority of the attorneys for the state, the Mayor Schmitz case in San Francisco, was cited.

The former bank president will appear before Judge O'Brien of the district court at 2 o'clock Monday afternoon, to which time his case had been continued, due to the fact that he was unable to appear owing to the case before the supreme court.
